Union Local School District

Smarter Solutions. Safer Schools.

INTRODUCTION

The following procedures are applicable to all accidents. It is very important for you to follow the instructions below to ensure your medical claims and return to work are processed smoothly. If you have any questions about reporting an accident, medical care, or next steps, please do not hesitate to call the Treasurer's Office at 740-782-1978.

WHAT TO DO IF YOU ARE IN AN ACCIDENT

Your health is the first priority! Please do not hesitate to seek professional care for a medical emergency.

A medical emergency is when you need immediate medical services that are necessary to alleviate severe pain, or an acute injury that could lead to a serious physical disability, mental disability or death.

IMMEDIATELY submit an Employee Accident/Exposure Incident Report.

To submit an employee incident report, go to the district website (www.ulschools.com), click on Staff Resources (on the left side of the page) and click on Staff Accident Management, and then click on Submit Accident Report. Enter all information requested and follow the steps to submit your report.

If you need help, ask your supervisor or call the Treasurer's Office at 740-782-1978. If the injured employee is unable to submit the accident report, another employee can complete the report with the assistance of the affected employee.

MEDICAL CARE OPTIONS

When obtaining medical care, remember you **MUST TELL THE PHYSICIAN** it is due to a work-related injury.

First Visit

The first visit to any medical provider, whether an emergency or non-emergency, is covered for a work-related injury considered compensable by the Bureau of Workers' Compensation.

All Other Visits

After the first visit, if you obtain medical care for a work-related injury from a medical provider other than those noted below, workers' compensation insurance may not cover the costs and you may have to pay for the services.
