February 13, 2021

Dear School Guidance Office:

The Independent Insurance Agents Association of Belmont County is a long-standing non-profit organization that is setup for the purpose of supporting various beneficial efforts in Belmont County. I recently took over as Secretary/Treasurer of the Association. One of my duties/responsibilities in this position is to administer the Annual Scholarship Program for Belmont County schools. The Association offers one \$500 to a student at 8 schools in Belmont County every year. I have attached the requirements for this scholarship. I wanted to take this opportunity to make sure that your school is aware of this award and that you take full advantage of this. All that we ask is that you make us aware of who the recipient of the award is by contacting at the contact information listed in the letterhead. Please let me know if there are any questions or you need any additional information from me.

Sincerely,

Paul Foster  
Secretary/Treasurer
