GUIDANCE

Students are encouraged to visit with the counselor for personal guidance and for information on grades, study help, and testing programs. The counselor is available to discuss any home, school, or social concerns.

STUDENT SERVICES

Belmont County Student Services is a licensed prevention agency that provides school-based prevention and Student Assistance Program services for all students K-12. Student Services' mission is to provide youth with the knowledge and skills to make healthy decisions so they can lead healthy and productive lives. Prevention programming includes classroom presentations and assemblies, school-wide activities and youth led programs, as well as problem identification and referral services. Student Services also provides Student Assistance programming which helps the students deal with non-academic barriers to learning. Students in need receive short term, problem focused help with issues or situations that interfere with their learning and academic success. Students who are in need of more intensive interventions or treatment are referred to a school based mental health therapist or community agency for further assistance and help.

NONDISCRIMINATION / HARASSMENT

The Board's policy of nondiscrimination extends to students, staff, job applicants, the general public and individuals with whom it does business and applies to race, color, national origin, citizenship status, religion, sex, economic status, age, or disability.

The Board does not permit discriminatory practices and views harassment as a form of discrimination. Harassment is defined as intimidation by threats of or actual physical violence; the creation, by whatever means, of a climate of hostility or intimidation; or the use of language, conduct or symbols in such a manner as to be commonly understood to convey hatred, contempt or prejudice or to have the effect of insulting or stigmatizing an individual. Employees or students needing to file a complaint may find the forms in the office or school's web page. Employees or students who engage in discrimination of another employee or student shall be subject to disciplinary action.

HAZING AND BULLYING

Hazing means doing any act or coercing another, including the victim, to do any act of intimidation or harassment to any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person.

Bullying is an intentional written, verbal or physical act that a student has exhibited toward another particular student more than once and the behavior causes either mental or physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student.

Permission, consent or assumption of risk by an individual subjected to hazing and/or bullying does not lessen the prohibition contained in this policy.

Prohibited activities of any type including those activities engaged in via computer and/or electronic communications devices are inconsistent with the educational process and are prohibited at all times. No administrator, teacher or other employee of the District shall encourage, permit, condone or tolerate any hazing and/or bullying activities. No student, including leaders of student organizations, may plan, encourage or engage in any hazing and/or bullying.

Administrators, teachers and all other District employees are particularly alert to possible conditions, circumstances or events that might include hazing and/or bullying. If hazing and/or bullying or planned hazing and/or bullying is discovered, involved students are informed by the discovering District employee of the prohibition contained in this policy and are required to end all hazing and/or bullying activities immediately. All hazing and/or bullying incidents are reported immediately to the Superintendent and the appropriate discipline is administered.

The administration provides training on the District's hazing and bullying policy to District employees and volunteers who have direct contact with students. Additional training is provided to elementary employees in violence and substance abuse prevention and positive youth development. **District employees**, students and volunteers are provided with qualified civil immunity for damages arising from reporting an incident of hazing and/or bullying. Administrators, teachers, other employees and students who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties in compliance with State law.

NOTICE OF COMPLIANCE ACTIVITIES IN ACCORDANCE WITH 40 CFR 763, SUBPART E
(AHERA)

This notice is to provide you with information concerning the activities we have undertaken to bring our school district into compliance with the regulations of AHERA. These activities include inspection of all building for asbestos-containing materials (ACM), development of a management plan for all friable ACM found in the district, submission of the management plan to the Ohio Department of Health for state approval, implementation of response actions for the friable ACM found, training for key school personnel, periodic surveillance of ACM, re-inspections, and updating of the management plan. All phases of the management plan were completed in the summer of 1992.

The complete management plan is available for your review in the board office of the school district. Each school has the portion of the plan pertaining to that school in its administrative office. If you wish to review the complete plan or a plan for a specific school, we require only that we be given a five-day notice. Copies of the plan are available at the cost of printing.

Each school district is required by law to designate a person to ensure that the requirements of the regulations are properly implemented. Our designated person is Frank Sulek. If you have any questions concerning our management plan, wish to review it, or obtain your own copy, please call Mr. Sulek. He may be reached at (740) 695-5776 during normal working hours.

BUILDINGS AND GROUNDS SECURITY

The Board recognizes the value of electronic surveillance systems in monitoring activity on school property and in school vehicles in protecting the health, welfare and safety of its students and staff. Electronic surveillance may occur on school property and in school vehicles.

SEARCH AND SEIZURE

The Union Local Board of Education and Administration reserves the right to search lockers, desks, automobiles, persons and personal belongings of the students on school grounds or at any school activity when it is reasonably necessary for the maintenance of order, discipline and the safety in the supervision and education of students. Trained police dogs may be used for these purposes. All searches may be conducted with or without the consent of the student. Students are provided a locker, desk, and other equipment in which to store materials. It should be clearly understood that this equipment is the property of the school and may be searched at any time if there is a reasonable suspicion that a student has violated the law or school rules.

Anything that is found in the course of the search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The school reserves the right not to return items which have been confiscated. Video surveillance of the hallways, classrooms, parking lot, entrance and other school property may be utilized for protection of students and/or employees, their property and the school's property.

LOCKERS

ULHS loans each student a locker. The key word here is "loan". The locker belongs to the school. Please take care of it, because it will be used by many students for many years. Remember, "Neatness is a virtue". Lockers are subject to inspection, either individually or by groups. Such an inspection may or may not be announced. Keep your locker clean. Damaged lockers or those lockers that take special cleaning may result in you paying for the damages and/or taking the time to clean them. Please don't give your combination to others and please don't share lockers. **The school accepts no responsibility for lost or stolen articles.**

CARE OF ALL SCHOOL PROPERTY

Your guardians and all people in the Union Local School District who pay taxes have sacrificed to provide you with the very best facilities that they can to help you learn in a pleasant atmosphere. This building is very valuable to us. The way we take care of things says a lot about what kind of people we are. This entire building and all its contents from doors to lockers to books to desks and other furnishings must last a long time. Please take care of all school property. **We do charge those responsible for replacement and/or repair of damaged school property.**

EIGHTEEN-YEAR-OLD STUDENTS

When you turn 18 years old, you legally reach the “age of majority”. All of the laws, rules and regulations and penalties that apply to adults, now apply to you. All of the school regulations, school laws, school rules and school penalties still apply to you. Unless you reach legal “emancipation” status, we will require communication from home and still do the communication with home. Your guardians will receive school correspondence concerning you such as, report card, attendance information, congratulatory communications and discipline reports. **All school policies still include you.**

COMPUTER AND INTERNET USAGE POLICY

To be permitted to use district owned computers that are connected to the Internet, each student must sign the Acceptable Use Policy that has been adopted by the Union Local Board of Education and complies with the mandates of OME-RESA, the district Internet provider. This policy also stipulates that for all students younger than 18, a guardian’s signature is also required. This policy in its entirety (explaining acceptable use of the Internet and penalties for misuse) will be given to every student (K-12) at the beginning of the school year. A signed form must be returned and on file in the office prior to any Internet usage.

PARKING REGULATIONS

1. Student cars must display a parking permit permanently hung from the rear view mirror before parking.
2. Students are not permitted to return to vehicles during the school day without permission from the office. This could cause driving privileges to be revoked by the school’s administration.
3. Speed limit is 10 MPH on campus and 5 MPH in the parking lot and there is no playing of loud music, racing of engines or peeling of wheels or other reckless driving.
4. Vehicles should be locked at all times. The school will not be responsible for theft or damage to cars parked on the school grounds.
5. A student’s vehicle is subject for search if there are reasonable grounds to believe that drugs or alcohol, stolen property or other contraband might be present. Anything found in a student’s vehicle is considered to be in his/her possession.
6. Excessive late arrivals (5 per semester) to school, excessive unexcused absences (5 per semester) from school or continued disciplinary infractions could cause driving privileges to be revoked by the school’s administration.

Violations of these rules may result in suspension of parking privileges, detentions or suspension from school.

STUDENT PARKING POLICY

Students who wish to park on school property during the school day (7:00 a.m. to 2:15 p.m.) must secure a parking permit from the High School office by September 22, 2020. Students may park in the gravel lot until a permit is purchased or until September 22, 2020. All parking permits expire at 2:15 p.m. on the last day of instruction of a school year.

ILLNESS/INJURIES AT SCHOOL

Students who become ill during the school day must report to the office. If the student is excused to go home by the nurse/office, the student must have their guardian’s permission and sign out in the office before leaving school. Students who sustain an injury on the school grounds must report that injury to the staff member supervising the situation or to the principal. It is the student’s responsibility to execute the necessary insurance forms. Information can be obtained from the main office.

MEDICATION

Administration of prescription and over the counter drug policy. In order to administer prescription or over the counter drugs in the public school, the school must have Parental permission for an over the counter drug, and a signed Authorization to Assist with Medication/Procedure Form signed by both physician and guardian for a prescription drug. The medication is to be labeled with the name of the student, name of the drug, dosage, time to be taken. In absence of this form the medication will not be given. If the medication is being sent with your child please notify the school that he/she will be bringing medication to the School Nurse or the Office. Make every effort to give all medication at home if possible. Only those medications that cannot be given at any other time will be administered at school.

HS FEES

Fees should be paid in the main office. Students who have not paid their fees by the end of the nine weeks will be placed on the obligation list and will not receive their report card. In order to receive your report card at distribution time, fees and/or obligations must be paid.

**UNION LOCAL SCHOOLS
ATTENDANCE POLICY
Student Absences and Excuses**

The educational program offered by Union Local School District is predicated upon the presence of the student and requires continuity of instruction and classroom participation. Attendance shall be required of all students enrolled in the school during the days and hours that the school is in session. Daily attendance of students is a matter of great importance as shown by the fact that prospective employers always check attendance.

Parents must notify the school on the day a student is absent unless previous notification has been given in accordance with school procedure for excused absences. Calls should be made to the High School office 740-782-1181, 740-782-1182 by 8:00 a.m. on each day of absence. The principal or his/her designee is also required to notify a student's parent(s) when the student is absent from school. The parent(s) or other responsible person shall be notified by telephone or written notice by mail. Reasons for which students may be excused by Ohio law include:

1. Personal illness or medical appointment with an accompanying physician's statement.
2. Funeral in the immediate family. (limit 3 days).
3. Illness in the immediate family that requires the student to stay home as determined by the Principal.
4. Required court appearances – written excuse from Representative of Court
5. Religious observation in which a student is personally involved.
6. Quarantines by doctor for contagious disease with doctor's note.
7. Emergency situations in which a parent can work out no other solution as determined by the Principal or for such good cause as may be acceptable to the Principal.

EVERY CLASS/DAY OF ABSENCE REQUIRES A PHONE CALL!!!!

In accordance with state law, the Superintendent or his designee shall require from the guardian of each student who has been absent from school or from class for any reason, a written statement of the cause for such absence. If a student fails to present a signed note to the office by 2:15 P.M. On the required day, the absence will be considered unexcused. An unexcused absence may result in the student receiving a grade of zero for all work missed.

NO STUDENT, REGARDLESS OF AGE, WILL BE PERMITTED TO SIGN THEIR OWN NOTES.

Unexcused Absences

The Union Local School District endeavors to reduce truancy through cooperation with parents, diligence in investigating the causes of absence and use of strict guidelines in regard to tardiness and unexcused absence. A **"habitual" truant** is any child of compulsory school age who is **absent without a legitimate excuse for 30 or more consecutive school hours, 42 or more school hours in one month or 72 or more school hours in a school year.** The school may file an "unruly child" complaint in juvenile court.

Sanctions

When a student accumulates the following number of absences, the following actions will be taken by the Union Local School District.nb

- I. Notice of excessive absences: The student's parent/guardian will be notified in writing when the student is absent **with or without** a legitimate excuse for 38+ hours in one school month or 65+ hours in a school year.
- II. Habitual Truant: Defined as being absent 30+ consecutive hours without a legitimate excuse, 42+ hours in one school month without a legitimate excuse, or 72+ hours in one school year without a legitimate excuse.
- III. Absence Intervention Team: After the absences of a student should surpass the threshold for excessive absences/habitual truant, the student will be assigned to an absence intervention team. The absence intervention team will, at least, consist of two representatives from the school district and the parent (or parent's designee). The team may also include a school psychologist, counselor, or social worker in an attempt to assist families in reducing school absences. The absence intervention team will develop an absence intervention plan. The school or attendance officer will make 3 meaningful attempts for parent participation as a member of the absence intervention team. If the parent, guardian, or custodian fails to respond to the school or attendance officer, the school may be mandated to report to children's services and proceed with the development of an absence intervention plan without the child's parent, guardian, or custodian.
- IV. Absence Intervention Plan: The absence intervention plan will be based on the individual needs of the student in an attempt to reduce school absences. Schools are permitted to consult or partner with public and nonprofit agencies to provide assistance as appropriate to students and their families in reducing absences, even outside the operation of an absence intervention team. As part of the Absence Intervention Plan, the student and parents/guardians will be required to attend a Parent Intervention Meeting with the truancy officers at Belmont County Juvenile Court. The Juvenile Court has the right to file charges on parents/guardians in the event that they do not attend the Parent Intervention Meeting.
- V. Juvenile Court: If the parent and/or child refuses to participate in, or fails to make satisfactory progress on the intervention plan or an alternative adjudication within 61 days of implementing the plan, the school or attendance officer must file a complaint in juvenile court.

It is the policy of this School District that a parent may be charged with failing to send their child to school, contributing to the delinquency or unruliness of a minor, or other criminal charges relating to their child's attendance. Failure of parents/guardians to adhere to this policy may result in a referral by the truancy officer to the Belmont County Prosecutor's Office for charges pursuant to Ohio Revised Code Section 2919.222, Parental Education Neglect, a misdemeanor of the 4th Degree, punishable by up to a thirty (30) day jail sentence and/or up to a two hundred and fifty dollar (\$250.00) fine.

Any student that has reached the habitual threshold may not be permitted to attend field trips or school dances.

Appointments-Doctor, Dentist, etc.

Appointments should be made outside school time. If this is not possible the student should bring a note from home requesting early dismissal. Students must sign out in the main office upon leaving. The Principal may call the doctor's office to verify the appointment. When students return to school they need to provide a slip from their doctor, dentist, therapist, etc., verifying the appointment time and date. If they return to school the same day they should sign back in.

College Visits

Seniors are permitted two (2) approved visits to colleges. Application forms for college visits must be approved three (3) days in advance by the Guidance Office and the Principal. Juniors may be permitted one (1) approved visit to a college. Same rules apply as for seniors. Only under extenuating circumstances will college visits be permitted during the month of May.

Tardy to School/Class

All students who are late to 1st period class must report immediately to the office and sign in. Classroom teachers (2nd thru 7th period) will report students to the office on third unexcused tardy.

Excused tardiness - riding a late school bus, the student has a note from the doctor or court, and weather conditions may be considered.

Unexcused tardiness - In all other cases the student shall have an acceptable note from his/her guardian explaining the student's unexcused tardiness. On his/her tenth unexcused tardy for the year, a student will receive one day of after-school detention. Each subsequent tardy will also result in one day of after-school detention.

Field Trips

Union Local School recognizes that first-hand experiences provided by field trips and school-sponsored trips are a most effective and worthwhile means of learning; therefore, Union Local School encourages that field trips and school-sponsored trips of significant educational value, which are related to the total school program and curriculum, be encouraged under the following guidelines :

- a. Principal or designee approval of students' participation.
- b. All students have parental permission for trips.
- c. All safety precautions are observed.
- d. All students are in good standing in their school attendance: students will not be permitted to go on field trips once they have reached a Habitual Threshold (30 consecutive hours unexcused, 42 hours unexcused in a calendar month, or 72 hours unexcused for the year).
- e. All students are in good standing with behavior: students will not be permitted to go on field trips once they have accumulated 30 demerits.

Make-up Policy

Each student who is absent must immediately, upon return to school, make arrangements with his/her teacher(s) to make up work missed. Students whose absences are excused will be given the privilege of making up the work missed within two (2) days after returning to school. Students who are absent from school will be **REQUIRED** to make up all missing assignments prior to the end of each grading period. Each case is considered on its merits by the principal and the respective teacher(s). Any absence of a pupil from class or school approved by the administration to transact school business or to participate in a school activity (i.e., field trips, fair) shall not be considered as an unexcused absence from school. The student is responsible and required to make arrangements with their teacher(s) for the make-up work.

Leaving School

No student shall be permitted to leave the school grounds during the school day without permission and signing out in the office. When a student knows beforehand that he/she will be leaving school early, that student shall present an acceptable note to the office by the beginning of the school day. This note must tell the time the student is to leave and where the student is going. This note must be signed by a guardian. If the reason for leaving school is for a doctor or a court appointment, then the student shall return with a note of verification from the doctor or court. If the student does not bring in an acceptable note or does not return with a note then the classes missed will be unexcused and the student will face the same consequences as an unexcused absence. If the reason for leaving is not one of the seven (7) excused absences, then it will

count as an unexcused absence. If a student signs out for any other reason, they must get permission from the Principal/Dean of Students, or they will be considered skipping class.

Non-Emergency Trips Out of the District

The Union Local School Board does not believe that students should be excused from school for non-emergency trips out of the District. **Students who are taken out of school for trips or vacations are not given permission to do so by the school.** The responsibility for such absence resides with the guardian, and they must not expect any work missed by their child to be re-taught by the teacher. If the school is notified in advance of such a trip, reasonable efforts are made to prepare a general list of assignments for the student to do while he/she is absent. Forms are located in the high school office.

Loss of Driver's License

On May 2, 1990 House Bill 204 became law. The law creates procedures in Ohio Revised Code for the suspension of a temporary instruction permit or driver's license. The student may also be denied an opportunity for a permit or license. The law applies to all persons under age 18 who drop out or who are habitually absent from school without legitimate excuse. It also includes those expelled or suspended from school for using or possessing alcohol or drugs or both.

Credit Flexibility Option

Union Local School District recognizes that an effective educational program is one that provides opportunities for students to customize aspects of their learning around their respective needs and interests. Credit flexibility is one method to motivate and increase student learning by allowing access to more resources, customization around individual student needs and the use of multiple measures of learning.

Credit Flexibility Option Timeline

Pre-approved course request needs to be made to the Guidance Counselor no later than May 15th. Student proposal application is due by May 1st to the principal. Forms are located in the office.

Incompletes

An incomplete may be given to any student whose work has not been satisfactorily completed. Student's work completed after an incomplete is given shall not be accepted by the teacher unless it has met the standards established for a passing grade. Teachers may require any student to retake an exam, test, or redo other class work until the student's work reaches a passing level, before the teacher grants the nine weeks grade. Teachers exercising this option may grant an incomplete until the student attains a passing level. If a passing level has not been satisfactorily attained within one week after the end of the grading period, an F will be granted for a nine week grade.

Students Progress

Parents should access Progress Book to monitor student's grades. Parents that need help with their accounts can contact the office. Teachers will maintain and keep this account up-to-date.

Schedule Guidelines

Each year a series of scheduling activities takes place to assist each student in selecting appropriate courses for the next school year. Extensive time is spent developing written information in the form of the course planning handbook and individual counseling to help students develop a sound educational plan.

Reasons that justify schedule changes are:

1. Semester Imbalances
2. Adjustments for handicapped or injured students.
3. Inappropriate course level as dictated by the prerequisite course final grade and /or teacher/counselor recommendations.
4. Requests that appear on the verification form or original schedule form but do not appear on printed schedules.
5. Level change dropping honors or CP. Once a student, parent or teacher recognizes that the level of difficulty is such that the student is not successful. The grade transfers as is.
6. Students have more than one study hall in a semester.

Adding and Dropping a Class

Deadline to add classes are as follows:

Full year-by the end of the tenth day of school

Semester- by the end of the tenth school day of the semester

Deadline to drop classes are as follows:

Full year- by the end of the first nine weeks

Semester- by the end of the fifth week of the semester

Classes dropped after the deadline will result in a failing grade on the student's transcript

HS Exams

Exams: Semester exams must be administered in all semester courses. Final Exams must be administered in all yearly courses. Final Exams will count as one- thirteenth of the final grade in a year long class. Semester exams will count as one seventh of the final grade in a semester class. Semester/final exams are an important part of all courses. Any student not meeting the semester/final exam requirement will receive an incomplete grade until he/she fulfills the exam requirement. If the student does not meet the exam requirement, he/she cannot receive credit for the course and will receive a failing grade. Semester exams may be administered no more than 4 days prior to the end of the semester; final exams will be administered according to a published exam schedule. Any student exceptions concerning the semester/final exam schedule may be granted by the principal. Any exceptions from a scheduled exam will require the scheduling of a make-up exam at a later date. The following formulas will apply when computing semester/grades:

Grade Scale:

Final Grade Calculations:

Nine week grades are multiplied by a factor of three (3) and Exam grades multiplied by a factor of one (1).

Semester courses will be calculated as follows (dividing total points by 7):

1st GP	2nd GP	EX	
A	C	C	
$4 \times 3 = 12$	$2 \times 3 = 6$	$2 \times 1 = 2$	$20/7 = 2.85$ Semester grade=B-

Yearly course calculation (total divided by 13):

1st GP	2nd GP	3rd GP	4th GP	EXAM	
A+	C-	D	B+	B	
$4.0 \times 3 = 12.0$	$1.75 \times 3 = 5.25$	$1 \times 3 = 3$	$3.25 \times 3 = 9.75$	$3 \times 1 = 3$	$33/13 = 2.54$ Semester Grade B-

In a semester long class a student must pass 2 of the 3 assigned grades: Nine weeks, Nine weeks, Final

In a year long class, students have to pass 3 of the 5 assigned grades: 1st nine weeks, 2nd nine weeks, 3rd nine weeks, 4th nine weeks, Final.

Quality Points will be added to the student's final GPA after it is figured on a 4.00 scale.

The following courses will have the Quality Points averaging method incorporated into the method of figuring the grades. All of the courses that will be affected by the weighted grade method will be for one credit or more.

Student Conduct System

Union Local Schools uses a positive behavior intervention support (PBIS) system as the basis for its disciplinary actions and policy. It is impossible to list or categorize all the types of disciplinary violations, thus the administration reserves the right of disciplinary assignments as the case so determines. Education cannot proceed without an atmosphere of good order and discipline necessary for effective learning. The Board of Education accepts the traditional American concept that the teacher is "in loco parentis" (in place of a guardian) and as such, has similar rights and duties concerning students as a guardian. When dealing with discipline issues, students may be referred to the Counselor in an attempt to find the cause of his or her behavior. Our counselors are always available to provide professional guidance and to offer assistance when necessary. Feel free to call on them. The disciplinary policy will cover all school functions and applies to the following:

- 1) On school grounds before, during, or after school hours
 - 2) Off school grounds at a school activity, function, or event
 - 3) On school buses or rented carriers
-
1. **DISCIPLINARY MEASURE** – The school has the authority to take corrective disciplinary action against any behavior, whether covered specifically in this written code or not. No behavior should be disruptive to the educational process of the school. Suspensions will also be given according to the disruptive behavior or incident that occurred by a student or students. The discipline process will be dealt with by the Principal/Dean of Students as felt necessary to conduct a safe, drug-free school which is conducive to a learning environment for all students. We are not only committed to educational excellence but to operate a school for the good order, safety and discipline of the school. Your handbook is for your use and knowledge of the operation of our school but is used as a guideline and the above-mentioned discipline procedure can be added to any or all incidents.

2. The Board of Education has a “zero tolerance” for violent, disruptive or inappropriate behavior by its students. The school reserves the right to enforce any punishment in the student handbook after investigation and severity of the incidence.
3. The Principal/Dean of Students has the right to make final decisions for disciplinary measures based upon investigation and circumstance.
4. In addition to the above system, detention, in-school-suspension, CCAP, out-of-school-suspension, or recommendation for expulsion may be assigned by the Principal/Dean of Students as judged necessary, in handling discipline problems in the school, which have not been addressed in the disciplinary code.
5. Any behavior that directly or indirectly disrupts the orderly operation of the educational process will be dealt with according to the students’ handbook and at the discretion of the Principal/Dean of Students.
