

BELMONT COUNTY STUDENT SERVICES

349 35TH Street - Bellaire, Ohio 43906 - 1-740-676-4815 Ext. 8

Dear Parent/Guardian,

Your child's school district contracts with Student Services to provide prevention and student support programs for all students in the school. The goals of Student Services' programs are to prevent alcohol, nicotine and other drug use, promote mental health wellness and to help every student succeed in school and in life. To accomplish these goals, Student Services provides a variety of services that include:

- School-Wide awareness programs
- Grade level specific education programs
- Small group education programs
- Individual student support programs
- Referral services for needs beyond the scope of prevention and student support

Each school is assigned a Prevention Specialist who implements the programs at the school. If you would like to speak to the Prevention Specialist at your child's school regarding any of the services provided, or to seek help for your child regarding any issues that may be impacting your child's life in a negative way, please call the school and ask to speak to the Student Services Prevention Specialist or call (740) 676-4815 ext. 8

Please see the reverse side of this paper for a description of the different programs and services offered by Student Services.
